**The College of Westchester Salutes
High School Business and Computer Education**

A Message from the President, Karen Smith

Congratulations award recipients! You have distinguished yourselves among your peers. The College of Westchester exists to develop, in students, the skills and abilities needed for the greater marketplace of the future. Over the past 90 plus years, the primary mission of The College of Westchester has been focused on the success of students and graduates. One

attribute that has made the college so successful in delivering a curriculum that ensures students' success in the marketplace is that we continually challenge ourselves to evolve with the times and offer high quality, practical, career-focused, collegiate education leading to graduate success and security. It is for these very reasons that we now offer the Bachelor in Business Administration (BBA) degree. Studies have revealed that offering a BBA at CW will enhance our graduates' long term career opportunities.

Also in keeping with our mission is The Annual High School Awards Program. The College of Westchester prides itself on not only providing quality education but also supporting the

community. What better way for the college to show its support than by holding an awards program that enables local area high school students to pursue their dreams of obtaining a college education, whether it is at CW or elsewhere? In my ten plus years as president, over 20 years with the college, and as a graduate myself, I have always believed that the Annual High School Awards Program speaks volumes about CW's commitment to the community at large as well as education overall. This is an exciting event for those high school students being honored as well as for our faculty and staff.

CW would like to thank the parents and families of these young men and women for providing a solid foundation which enables tomorrow's adults to be receptive to the lifelong process of learning. Another salute is warranted for the secondary educators and counseling professionals who provide not only quality education, but an additional support system. They represent Westchester, Rockland, Orange, Sullivan, Putnam, Dutchess, Fairfield and Bronx Counties. Finally, thanks to Mr. Matthew Morgan, for his time and his thought provoking words and guidance.

Keynote Speaker

Matthew J. Morgan

*Director of the Business Systems
Analyst Group*

Starwood Hotels and Resorts

Matthew J. Morgan is the Director of the Business Systems Analyst Group at Starwood Hotels and Resorts. Prior to working at Starwood, he was a strategy consultant at McKinsey & Company. He has previously served six years in the U.S. Army intelligence, including a tour of Afghanistan in which he was awarded the Bronze Star. Morgan has served in a variety of teaching appointments at various institutions since 2002, including Assistant Professor of Government at Bentley College and Lecturer of Organizational and Political Communications at Emerson College. He is the author or editor of eight books – *A Democracy Is Born* (Praeger, 2007), *The American Military after 9/11* (Palgrave Macmillan, 2008), and the six-volume series *The Impact of 9/11: The Day that Changed Everything?* (Palgrave Macmillan, 2009). Matthew is a graduate of the U.S. Military Academy at West Point and has completed graduate work at Harvard Business School and the University of Hawaii. He lives in Tarrytown, New York.
